France and Washington's plans to rush more men to the fighting line as rapidly as the transports will carry them have stimulated popular interest and so-licitude for the welfare of the soldlers of a marked degree. The people are de-ermined that the brave boys who are isking or are about to risk their lives or us shall be as well cared for as pos-

These follows want tobacco-the one and the opportunity presented to them—and the opportunity presented to paramete private citizens to meet this want through the agency of THE SUN Tobacco Fund is seized upon gladly. It is appropriate that soldiers, men who have been through the fire Over Piere, should be conspicuous figures in the smoke fund campaign this week. There is a small army of these veterans who are active in the drive. Sergeant arthur Guy Empey, Corporal R. nevertheless it does not signify that the driver of the automobile should be immune from punishment if he was carelessly and negligently driving his automobile by not having his car under proper control and giving care to where and how he was driving.

"Many of the motor vehicles that are running in the thoroughfares of this city are not fit to be out of the shop. The brakes are in such had condition that it would be impossible to stop the car for some distance, even though running very slowly. This is criminal negligence and carelessness. The chauffeur should know the condition of his brakes at all times. When an accident occurs involving the loss of life or serious injury the car, and particularly the brakes, should be immediately examined, so that the responsibility may be placed where it properly belongs.

"I wish you and Traffic Commissioner Harris would give special attention to traffic and the speed laws. Heavy trucks and other vehicles continuously violate the law in passing over street crossings and around corners into side streets at a rate of speed which endangers life and limb. Every police officer should secure the license number of any automobile he observes violating the traffic rules and report to the Commissioner."

Kelly-Springfield

BIG-STURDY-OVERSIZED

ORD TIRES

We found out what Kelly Cords would do before we offered them for sale. The experimenting was all ours. The pleasure is all yours.

We made our tests with 500 Kelly Cords. If there was a Society for the Prevention of Cruelty to Tires, it would have interfered. We subjected those tires to the most inhuman treatment we could think of. We drove them over heavy, icy, rutty, winter roads, day and night, on cars weighted up to 5200 pounds, until we wore them out. We then averaged up the odometers and got over 12,000 miles for the 500 tires. You are not buying a new untried tire when you buy Kelly Cords. You are getting a seasoned veteran. They add new luster to the name "Kelly-Springfield."

Two treads-grooved and non-skid.
